- Fast Learner

—

Experience

UCSD Student
September 2022 to Current

- Adhered to assignment deadlines and lecture times as instructed by professors and syllabus.
- Dedicated outside class time to class prep, homework, and school projects.
- Connected with several club and extracurricular activities to further explore passions and hobbies.
- Exercised time management skills by maintaining a solid schedule of sleep and classes.
- Created study habits and techniques to ensure success in the classroom and meet learning objectives.

Columbus Junior / Tutor
January 2022 to Current

- Developed a constructive learning experience for my students by encouraging communication between tutors, students, and parents.
- Created a productive environment helping students to think outside of the box and become open-minded to other perspectives.
- Educated students in use of various study techniques and debating skills.
- Asked students challenging questions to allow and encourage students to push themselves and become better speakers and debaters.

Abundant Life Church / ACEP Mentor

January 2020 to August 2022

- Provided academic support towards mentees, as well as spiritual and artistic support.
- Organized recreational, social, and cultural enrichment activities for mentees and mentors.
- Fostered an environment that allowed for open dialogue for both mentors and mentees to encourage relationships built on trust and faith.
- Devoted time to community service, dedicating several hours a week to helping and providing my community members with the care and help they need.
